CONTINUING A LEGACY OF EXCELLENCE

Fast-paced and dynamic, the Automatic Identification and Data Collection industry requires commitment, innovation and adaptability to constant change. Only state-of-the-art solutions can satisfy the ever-demanding expectations of customers. Datalogic always goes one step beyond. Dedication to exceeding the customers' expectations has led to the development of the widest range of high performance products and solutions in the industry. This, combined with excellent service, has made Datalogic a world leader for automatic data capture needs.

Because of extensive experience and a thorough understanding of data collection, Datalogic is the market expert when it comes to providing customized scanning and mobile solutions for specific business needs. Customers can count on Datalogic to provide the right solution for their needs with a complete range of mobile computers, handheld and fixed position scanners.

Listening is another key to Datalogic's success with a commitment to listen carefully to customers in order to create new solutions that deliver real value. Companies around the globe trust Datalogic to provide reliable solutions that benefit their businesses because of high quality service, smooth installations and continual support, assured through our extensive partner network. Datalogic stands behind you every step of the way.

IN-COUNTER SCANNERS AND SCANNER/SCALES

The Magellan™ brand of high performance scanners and scanner/scales are world renown for their unstoppable performance and extreme reliability. Scan after scan, these powerhouses are truly the hardest working scanners in retail.
The Magellan line of scanners with its years of continuous development, combined with Datalogic's deep experience in high-volume retail checkout environments, has redefined industry expectations and are the definitive benchmark for quality and dependability at the point-of-sale (POS).

	SINGLE PLANE		BI-OPTIC			DIGITAL IMAGER
	2300HS	**3300HSi**	**8300**	**8400**	**8500Xt**	**9800i**

The Magellan 2300HS laser scanners and Magellan 3300HSi imaging readers are specifically designed for retailers that require high performance in a compact, horizontal form factor.

The complete line of Magellan bi-optic scanners and scanner/scales are built from a common platform with common features to increase productivity and enhance POS system efficiency. Value Added Features provide reporting tools that help decrease front-end costs by managing information on scanner software and diagnostics.

The Magellan 9800i uses digital imaging in all planes to provide seamless reading of 1D and 2D codes.
