DATALOGIC
EMPOWER YOUR VISION

FIXED RETAIL SCANNERS

Datalogic, the world leader in fixed position retail scanning, offers the most complete range of readers with options for convenience, specialty, drug, discount, grocery and supermarket formats. Ranging from small, counter top presentation scanners, to sophisticated in-counter multi-plane scanner-scales, Datalogic provides industry leading vision and imaging technology that offers fast and accurate POS checkout to improve operational efficiency.

Since the first barcode scanner was developed about 50 years ago, Datalogic continues to offer innovative solutions for front-end retail including integrated Electronic Article Surveillance (EAS), front-end weighing to reduce shrink, and imaging technology for bar code reading, image recognition and image capture.

RETAIL

- POS check-out
- Self check-out
- Loss prevention/Asset protection

TECHNOLOGIES

- 100% imaging technology capable of reading 1D and 2D bar codes
- Integrated scale system with ScaleSentry™ Shrink Monitoring
- All-Weighs™ scale platter for reduced produce shrink
- Synced color image capture for Machine Learning applications including produce recognition

- ViPR® item recognition for bottom-of-basket (BOB) product identification
- Integrated antenna for EAS system compatibility
- Intelligent illumination for improved throughput and operator comfort
- ScanSentry™ scan avoidance detection

HEALTHCARE

- Pharmacy
- Medication dispensing
- Specimen tracking
- Patient identification

MULTI-PLANE IMAGERS
